RESPONSE TO REQUEST FOR CORRECTION OF AMENDMENT

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

This communication is in response to the Office Action mailed 20 March 2001. This communication is being sent via facsimile with the appropriate Certificate of Transmission pursuant to M.P.E.P. § 512.

In the Office Action, the examiner states that the Amendment filed on 9 January 2001 is not fully responsive to the prior Office Action because the applicant did not identify which added claims read on the elected species of Figs. 1-15.

Applicant hereby submits that the added claims 22-34 all depend from independent claim 1. Applicant believes that independent claim 1 is generic to all elected species. Claims 22-27 are readable on at least the elected species of Figs. 1-15 and the species of Figs. 16-18. Claims 28-34 are readable on at least the species of Figs. 19-31.

Applicant believes that this communication is responsive to the Office Action and that all currently pending claims may now be considered.
